This document serves as an update to the Legislative Research Bureau's 1989 publication, Index of Special Reports Authorized by the General Court. That publication covered reports issued from 1900 to 1988. Now that the Legislative Research Bureau is defunct, the State Library is issuing this supplemental index to reports issued from 1988 to March 1994.

The format of the earlier index has been retained here: arrangement is by keyword; citation method indicates the year of the report and its document number. Thus, the citation 90 H 6139 refers to House Document 6139 of the 1990 Massachusetts legislative documents. The State Library's call number or microfilm series number is supplied for those documents not published in the legislative documents series. Some citations to the State Library's call number show two dates. The first date refers to the year the commission was established; the date at the end of the call number refers to the year that the report was issued. Microfilm citations indicate the year and microfilm number of the Massachusetts State Publications Microfilm Series.

All of the documents listed here are available for research at the State Library, State House - Room 341, Boston, MA. Questions concerning this publication should be directed to the Library's Reference Department at Tel. (617) 727-2590.
